**Re-starting
the network**

One of the casualties of lockdown was setting up Uroy's litter picker network. We're going to start re-mailing everyone who got in touch and then Uroy will call to give out the litter grabbers.

We need to get a signature for them so before he rings the bell Uroy will push the form through the door. Then, when it's opened, he'll exchange the grabbers for the signed form, observing social distancing.

WE'RE BACK !

Distributed with this issue — our Annual Report for 2019 — 20. We were about to start delivering it in March when lockdown started and everything changed. Hope you agree it's still worth reading !

Since March we've published four **eFocuses** on facebook. Mail or text us for copies if you didn't see them:

COUNTLESS WAY CROSSING

Says Kerrie — thank you for your support for a zebra crossing in last month's consultation. The Council hope to begin work later this year.

MILTON KEYNES OUTBREAK PLAN

The Council's outbreak control plan is designed to reduce the spread of COVID-19 in MK and especially to guard against a second wave of infection. It's been developed with Public Health England and 18 local organisations, and will be updated regularly.

Mail or text Uroy for a copy on

If you know of anyone who is vulnerable or in need of help at the moment please contact the Council's COVID-19 help line **01908 252398**.

TRAVELLERS IN BROOKLANDS

Congratulations to Places for People for playing so effective a role in relation to the travellers who passed through in early July. There were some queries as to why the Police can't act more quickly, using what's called their section 61 powers. It appears that to do so the Council must confirm to the Police that alternative emergency pitches are available. We've asked to meet the Police and Council to find out what the problem is.

33 SWANWICK LANE

A planning application (20/01612/FUL) has been submitted for a change of use for 33 Swanwick Lane from a residential house to a care home.

Let Uroy know if you'd like more information on:
