## Vote Uroy

Postal Ballots will arrive from Wednesday 17th April

It has been my privilege to serve as your ward councillor for the past few years. Together, we've navigated through unprecedented challenges, from the upheaval of COVID to the current strain of the cost of living crisis. Throughout it all, my focus has remained steadfastly on our community.

On the Focus Team, we prioritise community over politics. We are a diverse group with different backgrounds. You won't find us engaging in mudslinging, making false promises, or resorting to cheap stunts. Instead, my commitment has always been clear: to work tirelessly on your behalf.

As we approach the upcoming elections this May, I humbly ask for your vote to continue serving you. Your support will enable me to keep working diligently for our community's welfare and prosperity.

### The team's promises to you:

We're accessible, easily contactable and responsive.

We work for you - your priorities are our priorities.

We're honest about what we can achieve - we don't make false promises.

## MK East Latest

Berkeley St James plan to "re-engage" with the public on Phase 2 of the MK East project (which includes the dualling of Tongwell Street and construction of the bridge) towards the end of May. They're planning a meeting in Newport Pagnell. OK, but we've told them there absolutely has to be one in Willen as well. We've also suggested the newly formed Willen Residents Association be involved. For info about the meeting when arranged contact us on:

## Changes to Buses

Arriva are changing some of their services across the city from the 14th April.

Here's the link:

People in our area will mostly be concerned with the changes to routes 1&2.

## Dead Trees

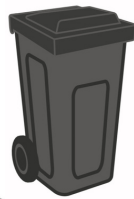

There are lots of relatively young trees across the ward that have been dying. We will be suggesting that these trees be replaced but with the community's help to water them. Similar projects have worked well in other areas of MK. Let us know if you've got any of these trees around you and we can add to our list of locations. Email/text Sam

## A small note on bins...

We want to make it very clear that the council has no plans to move from weekly black bin collections. Any suggestions from elsewhere that it has are strongly denied.

## Brooklands Health Centre

The poor feedback here continues, with people in regular contact stating how hard it is to get an appointment and also worrying times for follow up appointments. Whilst the council have no control on the services we have been reiterating to One Medical Group the feedback from everyone and impressing on them the importance of following through with their suggestion of monthly patient feedback meetings with the CEO.
