Vote Uroy

Uroy says...

It has been my privilege to serve as your ward councillor for the past few years. On the Focus Team, we prioritise community over politics. We are a diverse group with different backgrounds. You won't find us engaging in mudslinging, making false promises, or resorting to cheap stunts. Instead, my commitment has always been clear: to work tirelessly on your behalf. As we approach the upcoming elections this May, I humbly ask for your vote to continue serving you. Your support will enable me to keep working diligently for our community's welfare and prosperity.

Kerrie & Sam say...

Please re-elect Uroy on May 2nd so he can continue his work on the council with us. We've been impressed with Uroy's dedication to resident queries and his commitment to our community. Uroy's been leading the team this year. Your priorities are his priorities. Vote Uroy!

Working for you - Local information you can trust

MK East Latest

Berkeley St James (now Berkeley St Joseph) plan to "re-engage" with the public on Phase 2 of the MK East project (which includes the dualling of Tongwell Street and construction of the bridge) towards the end of May. They're planning a meeting in Newport Pagnell. We've told them there absolutely has to be one in Willen as well. We've also suggested the newly formed Willen Residents Association be involved. For info about the meeting when arranged contact us on:

People in our area will mostly be concerned with the changes to routes 1&2. Email/text Uroy if you want us to email you the link direct:

Change of use applications - residential care units

We are concerned by the number of change of use applications on Broughton Gate and Willen from profit orientated companies to convert houses from residential use to care units. The need is there, and it's imperative it's met, but in proper purpose built accommodation. We have dealt with issues arising from already existing sites so we will be keeping a close eye on new applications and making representations where necessary. Let us know if you're concerned about an application in your area:

Brooklands Health Centre

The great big MK GP Surgery Survey

Given all the comments and complaints about Brooklands Health Centre we thought it imperative to share Healthwatch's second annual survey of GP services in Milton Keynes. Healthwatch are trying to get a minimum of 3,000 responses, which would give around 1% of the city population and therefore a good, representative, sample size that they can use to support their work and representations.

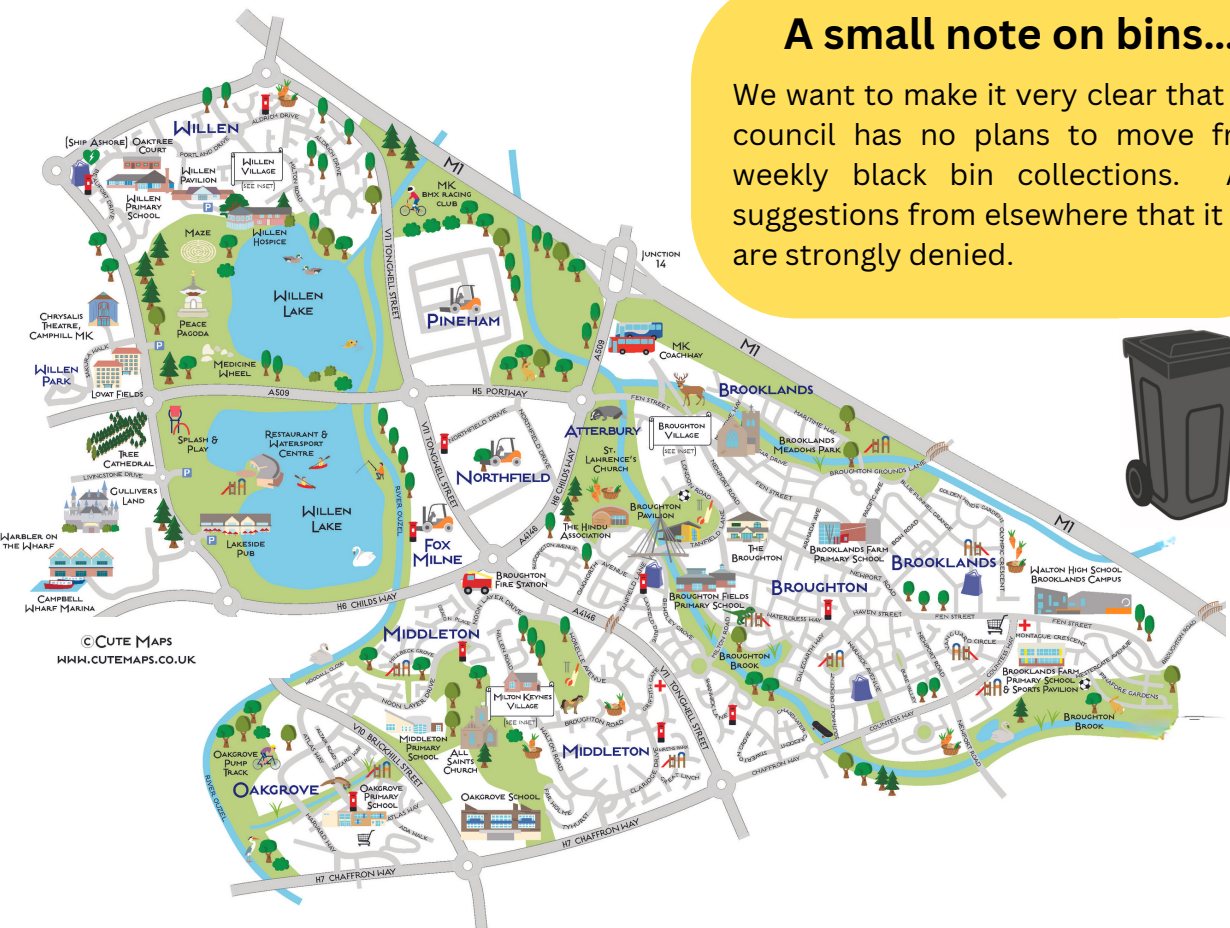

I know some of you will have lots to feedback. Please do share far and wide.

A small note on bins...
We want to make it very clear that the council has no plans to move from weekly black bin collections. Any suggestions from elsewhere that it has are strongly denied.

On May 2nd remember...

People in this area know they are best served by Uroy and the **Focus** Team.

Re-elect Uroy so he can continue to work for you.

Result in Broughton in 2023

Your 'Local Conservative' takes your vote for granted.

They only appear in the area at election time.

Make sure you use your vote to keep the workers the winners.

Labour don't work or win here and there wasn't a candidate for the greens last time.

Clarke, Uroy
