

Serving Broughton, Broughton Gate, Brooklands, and now Moulsoe, since 1979. Published 9 times a year, not just at election time. Printed on recyclable paper and delivered by dedicated local volunteers and your FOCUS team.

## FRESH BLOOD (ALMOST)

The national Local Government Boundary Commission (**not** the Council) has approved new ward boundaries for Milton Keynes. The old Broughton ward loses Willen, Middleton and Oakgrove, keeps Broughton and Brooklands, and takes in Moulsoe and much of MK East. Meet your new team:

Councillor Sam Crooks  
(the almost.. fresh blood)

Councillor Nana Oguntola  
(the fresh blood)

Wing Tsang  
(the real fresh blood)

## YOUR LOCAL UPDATES

The Government's finally woken up! The winter fuel payment's being changed - but the limit's still too low. People need help this winter, not next year.

The Council is seeking an academy chain to run the new all-through school at Elverby, near Moulsoe, for 2,100 pupils once built. Pictured: artist's impression (Image: Ashe Construction).

Still no date for finishing Fen Street. P4P want to deal with planning near Coachway first. We're pushing the Council to stop lorries parking by homes at Magna Park - even with double yellows in place.

The Parks Trust planted lots of trees at one end of Pinafore Gardens - but not near Jupiter Close. We're pushing for more trees there too.

People living on Ferry Meadows Close have told the Police about trouble with smoke bombs and cars. We back them - it was frightening, especially for older residents.

Sam (second left) represented the FOCUS team at the opening of the Parish Council's new Community Larder, run with SOFEA (more details overleaf).

## YOUR LOCAL UPDATES

**REPORTED:** Whoops. A slight typo there.

**REPORTED:** We've reported this collapsed drain cover in Eaton Hall Crescent

**REPORTED:** Damaged sign on Rockhampton Close

New rules for postal and proxy voters, it you vote by post or proxy long term you'll need to reapply. More details (and a form) from: [focusteam@live.co.uk](mailto:focusteam@live.co.uk)
